SUMMARY

A passionate front-end developer skilled in HTML, CSS, JavaScript, and React, with a passion for building user-friendly and visually engaging web applications. Enthusiastic about collaborating with teams and continually enhancing skills through hands-on experience.

SKILLS

- HTML5
- CSS3
- JavaScript
- ReactJS
- Git
- Github

PERSONAL PROJECTS

Portfolio Website Development 🔗

- Built a responsive portfolio website using HTML5, CSS3, and JavaScript with sections like About, Skills, Projects, and Contact.
- Implemented a mobile-friendly navigation bar with a dynamic hamburger menu to enhance accessibility.
- Used modern CSS techniques (Flexbox, Grid) and media queries to ensure a seamless user experience across devices.
- Integrated external libraries (Boxicons, Font Awesome) for visual enhancements while maintaining clean, modular, and scalable code.

Dynamic Card Slider with Responsive Design 🔗

- Created a responsive slider using HTML5, CSS3, and JavaScript with Swiper.js.
- Added dynamic image loading triggered by button clicks.
- Optimized for all devices with custom breakpoints and interactive navigation.
- Enhanced aesthetics using modern CSS techniques like Flexbox and transitions.

Product Homepage Design 🔗

- Developed a responsive product homepage using HTML5, CSS3, and Flexbox, featuring a product section, navigation bar, and action buttons.
- Implemented a collapsible hamburger menu and dynamic product detail display for enhanced user experience.
- Integrated Google Fonts and hover effects for a modern, interactive, and visually appealing design.
- Optimized layout and content with media queries to ensure seamless performance across all devices.
